**Rahul & Tumpa
(HI)**

Rahul and Tumpa, both are deaf since childhood. They have been associated with Graham Bell Centre for the Deaf (GBCD) since their early years, where they received comprehensive educational support, Indian Sign Language (ISL)-based learning, counselling, and guidance to help them overcome communication barriers and build confidence.

With GBCD's support, Rahul (23) successfully completed his education, passed HS in 2022 and was later placed in a private company. Today, he earns **₹15,000 per month**, enabling him to support himself with dignity and confidence. His employment has strengthened his self-esteem and demonstrated that deafness is not a barrier to becoming financially independent.

Tumpa (19) also received continuous educational support along with Computer education from GBCD. After successfully passing Madhyamik Exam (2025), she decided to pursue higher education to achieve her career aspirations. GBCD continues to encourage and guide her academic journey, helping her prepare for a brighter future.

Recently, Rahul and Tumpa entered a new phase of life by getting married. Their marriage is a celebration of inclusion, equality, and self-determination. They made this important life decision independently, with the support and blessings of their families. Today, they are confidently managing their own lives, making informed decisions, and actively participating in society as an independent couple.

October – December' 26: Fourth Coming Events
